

Important Notification to all economical operator interested in participating in tendering procedures of the Single Resolution Board:

Calls for Tenders

Procedures for contracts with a value of EUR 144 000 and above:

- **Open procedures** are advertised on the TED e-Tendering platform (Contracting Authority – Single Resolution Board). The full documentation (technical specifications, contractual documentation, annexes, and answers to question raised by economical operators) is available through the electronic link under *Section I.1- Electronic access to information* of the Contract Notice published in the EU Official Journal.

More information about the platform can be found under the following link:

<https://etendering.ted.europa.eu/general/page.html?name=home>

Please note that questions and answers related to open procedures are also published on the TED e-Tendering platform under the respective Call for Tender.

Procedures for contracts with a value of above EUR 15 000 and below EUR 144 000:

- **Other procedures** are advertised on the SRB website. The procurement documentation for all Calls for Tenders advertised on the SRB website can be consulted and downloaded directly from the website.

Questions and answers related to procedures advertised on the SRB website are also published on the same page.

Requests for additional information regarding procurement procedures must be made **exclusively as indicated in the procurement documents.**

Interested economic operators and tenderers remain responsible for monitoring TED or the SRB's website for replies to 'questions/answers' and/or further information on future or ongoing procurement procedures.

If you require any further information, please contact us by e-mail at:
